Select coding precision
100
Using biases?
102
No
Yes
Select bias amount
104
Scale bias amount to match selected precision
106
Apply scaled bias amount to determine coding mode
108
Get bit count after encoding blocks with candidate coding mode
110
Encode & decode blocks with each candidate coding mode
112
Determine quality of each decoded result
114
Weigh bit count agains quality & select best coding mode from candidates
116

FIG. 1
